Dear Supervisors:

**ACCEPT GRANT FROM CALIFORNIA HEALTH CARE FOUNDATION
FOR HARBOR-UCLA MEDICAL CENTER
(SUPERVISORIAL DISTRICT 2)
(4 VOTES)**

SUBJECT:

Request approval to accept grant from the California Health Care Foundation and sign Letter of Agreement in the amount of \$29,969.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the Interim Director of Health Services, or his designee, to sign the attached Grant Agreement, No. 08-1786, in the amount of \$29,969 from the California Health Care Foundation (CHCF) to provide training for the design of a Palliative Care service at Harbor-UCLA Medical Center (Harbor), effective January 28, 2009 through June 30, 2009. There is no net County cost associated with the grant.
2. Delegate authority to the Interim Director of Health Services, or his designee, to accept and sign CHCF Grant Agreements for funds of no more than \$100,000 for each Department of Health Services' (DHS) facility, contingent upon prior review and approval by County Counsel and the Chief Executive Office.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Approval of the first action will allow DHS to accept the grant and sign the Grant Agreement, Exhibit I, which will allow DHS to obtain staff training for the design of a Palliative Care service that provides supportive care to patients with serious or life-threatening illnesses, as well as those with end-of-life needs. The main purpose of the grant is to

train multi-disciplinary staff at Harbor. This training will allow Harbor to implement a Palliative Care service in compliance with The Joint Commission Standards Improvement Initiative for palliative care. The grant also includes funds in the amount of, \$9,000 to obtain a grant writer to submit future grants for the implementation and expansion of the Palliative Care service. The CHCF had intended that the grant be for five months from January 28, 2009 through June 30, 2009. However, the letter awarding the grant dated January 22, 2009, was not received until the end of January. Due to the lead time needed to obtain Board approval, acceptance of the grant has been delayed.

Approval of the second action will delegate authority to DHS to accept and sign CHCF Grant Agreements for future grant funds of no more than \$100,000 for each DHS facility, which will expedite the process of using the funds to improve patient care and meet grant conditions and deadlines. Harbor intends to apply for future grants to expand the Palliative Care service and this authority will expedite the utilization of any funds. Other DHS facilities may also take advantage of these and other similar CHCF grant opportunities and the delegated authority will facilitate the acceptance and utilization of any grant funds received.

Implementation of Strategic Plan Goals

These actions support Goal 4, Health and Mental Health, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

DHS will receive funding in the amount of \$27,500 within 30 days of receipt of signed grant agreement. The balance of the award in the amount of \$2,469 will be sent within 30 days of receipt and approval of a final financial report and all project deliverables from the facility by August 31, 2009.

Harbor will use existing appropriation offset by the CHCF grant to fund the cost of training, travel, and other direct costs for the Palliative Care Leadership Center training program to assist in the training and planning of Palliative Care services at Harbor. The remaining funds will be used for site visits to other Palliative Care programs within the Los Angeles County and in-service training.

There is no net County cost associated with the grant. Expenses are 100% offset by the grant funds.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The CHCF's goal is to establish palliative care programs, with an emphasis on reaching diverse communities, in two-thirds of California public hospitals by 2011. Three types of grants will be awarded under this initiative: planning, implementation, and expansion. Harbor staff submitted a proposal for spreading Palliative Care in Public Hospitals-Planning Grants, the first of the three types of grants, to the CHCF. In a letter received January 22, 2009, Harbor was informed that they were awarded a grant from CHCF in the amount of \$29,969 for a Palliative Care Planning Team. Using a grant writer, Harbor will apply for the two remaining stages of the Palliative Care program initiative.

The grant will provide Harbor the necessary training to plan an interdisciplinary Palliative Care service program, which complies with The Joint Commission Standards Improvement Initiative for palliative care. A condition of the grant is that staff must attend a two day training program in San Francisco in March. The goal of Harbor is to develop a well trained Palliative Care Team to engage all service directors, clinical and medical staff employees in identifying and supporting patients with serious and/or life-threatening illnesses as well as other patients who would benefit from Palliative Care services.

Under the terms of the grant CHCF may terminate the grant at any time if Harbor becomes unable to carry out the purpose of the grant, ceases to be an appropriate means of accomplishing the purpose of the grant, or fails to comply with any of the conditions of the grant award.

County Counsel has reviewed and approved the Grant Agreement, Exhibit I, as to form.

CONTRACTING PROCESS

Not applicable.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will assist in the development of Palliative Care service at Harbor and expedite the acceptance and utilization of future grants.
